Development**

Lydia L. Mihalik, Director

For the eighth consecutive year, Ohio's state agencies, boards, and commissions exceeded the requirement of 15% set aside for Minority Business Enterprise-certified companies. In Fiscal Year 2022, which ended June 30, 2022, the state purchased 19.16% of eligible goods and services from MBEs through the set-aside program.

In July 2021, the state's Equal Opportunity Division moved from the Department of Administrative Services (DAS) to the Minority Business Development Division (MBDD) at the Ohio Department of Development (Development). The merger empowers businesses to succeed through one-stop access to certification, capital, and business technical assistance.

In FY2022, Ohio purchased \$286,157,495, or 19.16%, of eligible goods and services through the MBE set-aside program. Additionally, the state of Ohio purchased from MBE-certified businesses \$65,266,604 in goods and services, or 4.37%, that were not part of the set-aside program. Combined, Ohio spent \$351,424,099, or 23.53%, with MBE-certified businesses. In addition, expenditures with EDGE-certified companies for FY2022 were 5.26% by purchasing \$213,682,073 in all eligible procurement categories, including construction.

In FY2022, Senate Bill 105 (SB 105) was signed into law requiring subdivisions of the state to accept the state's certifications into their MBE, WBE, VBE, and disadvantaged business programs. This will allow businesses to reduce the paperwork required to support the growth and expansion of their businesses by removing duplicative documentation submissions.

Initiatives

In FY2022, MBDD launched two capital programs to reduce barriers for minority- and women-owned businesses. The first, the Ohio Micro-Loan Program, provides capital to certified MBE or WBE businesses between \$10,000 up to \$45,000 at 0% interest for refinancing debt, equipment purchases, and working capital. In FY2022, there were 53 loans approved for \$2,170,511. The second is the Women's Business Enterprise (WBE) Loan Program, which provides capital to a business that is 51% owned and controlled by a woman. The loan amounts are up to 75% of the project cost, from \$45,000 to \$500,000, with interest up to 3%. In FY2022, 12 loans were approved by the Minority Development Financing Advisory Board (MDFAB), totaling \$2,378,329.

In the fall of 2022, MBDD launched a listening tour through the seven Minority Business Assistance Center (MBAC) regions to share how MBDD is "Empowering Communities to Succeed" through collaboration, centers, certification, capital access, and counseling. Each stop coordinates with the local MBAC, community partners, and business owners. The Director of Development shared the administration's support for the growth and sustainability of minority-owned, women-owned, veteran-owned, and disadvantaged businesses. Through expansion, MBDD will partner with DAS to develop diverse businesses to support agencies, boards, and commissions to meet the state's MBE and EDGE goals. This will be achieved through a new position within MBDD (Minority Procurement Manager) to partner with agency procurement officers and public and private supplier diversity leaders to meet diversity goals at all procurement levels.

In FY2023, through the State Small Business Credit Initiative (SSBCI), administered by the U.S. Department of Treasury, MBDD will launch two additional programs. One is expanding the existing Collateral Enhancement Program (CEP) to allow additional resources to socially and economically disadvantaged individuals (SEDI). The second will be a Community Development Financial Institution (CDFI) Loan Participation Program to provide accessible and flexible financing to SEDI businesses.

Certification process improvements were implemented in FY2022. MBDD evaluated the number of documents required for MBE, EDGE, and WBE certifications and reduced the number of required documents from 26 to 13. With the reduction of required documents, the approach Development utilized for certification was through an economic development lens; transactions were evaluated based on the total business relationship and not just meeting the demands of a checklist. Cross-certification is a necessary part of business growth and sustainability. MBDD has a lasting relationship with the Ohio Minority Supplier Development Council (OMSDC) through cross-certification and access to the Minority Direct Loan. In FY2022, MBDD aligned loan processing for the WBE Loan program with the Women's Business Enterprise Council, Ohio River Valley (WBEC/ORV), to allow for a reduced rate of 1.5% on WBE loans. WBEC/ORV and MBDD are working to establish a cross-certification between the two organizations.

Part of the FY2022 certification updates includes technological improvements with the upfront processing of MBE, EDGE, WBE, and VBE certifications. The upgrades will allow businesses to select one or all of the certifications they qualify for and will provide the ability to upload the required documents into a secured platform via the Ohio Business Gateway. There will be a searchable database of all certified businesses.

Certifications

Here are certifications that were approved during FY2022 and the total number of certified companies in each category as of June 30, 2022:

	<i>Approved in FY2022</i>	<i>Total</i>
MBE	287	1,079
EDGE	275	1,023
WBE	168	1,004
VBE	102	313
